

Riesling!

2023 Rotenberg Altenbambberg Riesling GG

VDP.GROSSES GEWÄCHS®

The Rotenberg vineyard is located in Altenbambberg in the Alsenztal. It is the highest of our seven different VDP.Großen Lagen, situated at 250-350 meters above sea level. The Rotenberg GG is characterized by cool tension and freshness. On the nose, it evokes juicy orange, wild herbs, and mandarin peel. The interplay of layered aromas along with a refreshing acidity structure provides an invigorating and dense drinking experience. The profound minerality and slightly salty finish add complexity. This young wine has a very long finish and considerable aging potential.

We recommend pairing it with Asian noodle salad with raw marinated tuna, but it also works well with other grilled seafood or poultry.

Origin: The exposed red-colored rock is reminiscent of images from the surface of Mars! The grapes grow on steep, south-facing slopes, whose soils were formed during the Rotliegend period. The soils, shaped by rhyolite, are rich in iron, giving the mountain its name. A light breeze ensures that the grapes ripen slowly.

Classification
VDP.GROSSES GEWÄCHS®

Taste
dry

Grape Variety
Riesling

Yield
30 hl/ha

Orientation of the Vineyards
South

Soil
Rhyolite

Slope
Steep Slope

Vinification
Combination of stainless steel and wood

Alcohol
12,5 %

Residual Sugar
1,8 g/l

Acidity
7,1 g/l

Serving Temperature
8-12 Grad

Drinkability
sofort – 2036
